

# “I Cannot Neglect My God or My Mother”

This is an edited transcript of Bishop Paul Khoarai’s opening address at the Fatima Center’s “Consecration Now!” Conference which took place in Rome on May 9 to 13, 2011.

*by Bishop Paul Khoarai, Bishop Emeritus of Leribe, Lesotho*

**F**or the Lord God doth nothing without revealing His secret to His servants, the prophets. (Amos 3:7) A bishop is a prophet, thereby allowing him to lead you into the secrets of God.

I want you to know that there is nothing that this world can offer you that can compare to knowing that God exists. He loves you with a love you do not understand.

## **In Our Weakness We Reject God’s Love**

Our weakness is that we reject that great love. God sees that the Church and the world are in a very terrible crisis. He offers us His helping hand and we reject it. I invite you to stretch out your hands to the almighty, loving God and allow Him to lift you out of the abyss and put you on the way to Heaven.

Let us study together in this miserable situation in which we have put ourselves and

follow the heavenly guidance to salvation.

In the past, God spoke to His people through the prophets. He then spoke through the Messiah, His Son, Jesus Christ. During our time, Christ speaks to us mostly through His Mother, the Virgin Mary, through many apparitions. The world and the Church are in terrible crisis. God is giving us the way to bring things to normality through Our Lady, the Mother of Jesus and our Mother, Who is our Mediatrix.

We must work like Jesus Christ and we must speak like His legitimate priests who have been given a power of grace from Christ. It may be because we do not seem to believe that through a priest’s Holy Orders, he is as Christ, the Supreme Eternal Priest. We must teach the world to take the priests as such, to live as such, like Christ.

We must become zealous apostles of the good news. God chose St. Paul as His chosen instrument to bring His Name to pagans and pagan kings and before the people of Israel (Acts 9:15).

God has told us, through Our Lady of Fatima, that He has chosen Russia as an instrument for the peace and conversion of the world – to spread and protect the Faith in the world. The mission is so great that Russia must be consecrated before embarking on such an enormous apostolic task.

God did not request the Consecration of Russia to chastise its people, but rather, to use them as an instrument of conversion to then spread the Faith and to defend it.

### **The Diabolical One World Government**

History teaches us that Russia, at one time, was a great Catholic nation but its current errors are part of the diabolically planned One World Government.

The New World Order is an empire of the devil. Great rulers of the world and strong nations are working for the creation of the New World Order. That is, they are work-

ing, not for their countries and nations, but for a one world government with one parliament.

For example, Europe has one European parliament in Strasbourg, France. Africa has one African parliament in Midrand, between Pretoria and Johannesburg. Eventually there will be just one world parliament and all countries will lose their sovereignty.

We already have the one world United Nations. And we have the world Supreme Tribunal in the Hague in Holland, in which the former President Radovan Karadzic, President Taylor of Liberia, and three politicians of Kenya are being accused of atrocity.

In the world monetary system, we already have the International Monetary Fund (IMF) and World Bank, which controls the monetary system of the world.

The United States is working for the One World Order. They have the wording “Novus Ordo Seclorum” on its money.

And there will be a one world central government under the devil.

Ultimately, they plan one “church”, one “religion” –

but a one world religion cannot exist while the Catholic Church is around.

Our Lady of Fatima instructs us how to give to Russia the task of bringing conversion and peace to the world. The Pope, together with all the bishops on the same day, must consecrate Russia to the Immaculate Heart of Mary.

Let us not waste time on whether the consecration has been done or not. The fact is that Russia is *not* converted. If it was done, it was not well done. Let us do it, we have nothing to lose. What is wrong in praying for one country. We pray for the world without any problem.

Germany initiated the first and the second world wars. But Our Lady of Fatima asked us to pray and to consecrate *Russia* to Her Immaculate Heart to obtain peace for the world. One might have expected Our Lady to ask for the consecration of Germany! Russia persecutes the Church of God as St. Paul did before his conversion.

From the time of St. John the Baptist to the Ascension of Christ into Heaven was a period of redemption. From Pentecost to our days has

been the period of the establishment of the Church. Christ sent the Holy Spirit to the Apostles on Pentecost Sunday to establish the Church.

### Foretold Catastrophes

We have now reached the period of the prophecy of the Book of the Apocalypse. Many prophecies of the Church and others are being fulfilled. We see today that there are a lot of calamities and sufferings taking place in the world – uprisings in many countries, wars, fighting, apostasy, catastrophe, earthquakes, floods of the seas and rivers, unpredictable weather conditions, global warming, terrible diseases, tortures, persecutions and killings and so on.

The Book of the Apocalypse speaks about the great earthquake that human beings have never seen (Apocalypse 16:18-20).

Our Lady of La Salette foretold the terrible crisis that the Church and the world find themselves in. She warns us all – the Pope, Cardinals, bishops, priests, Religious, leaders and rulers, adults, families, parents, and children – that we are in a very

difficult and terrible crisis and suffering but Our Lady indicates the way out.

Our Lady appeared to many people at different places – like Japan; Quito, Ecuador; in all continents – giving the same message of prayer, conversion and sacrifice in different words. Nature is changing. Things are going out of control and there are disasters everywhere.

Russia is an especially chosen country by God. In 1917, Our Lady of Fatima appeared to three children towards the end of World War I, where, on July 13, She asked for the Consecration of Russia.

### **Society Is Heading Towards Destruction**

Few people realize that human society is heading towards self-destruction. In such a society, what force can purify the earth? It is definitely not forceful control by governments or laws. For laws are written by people; laws are bound to have loopholes. Violators can evade punishment by virtue of status, relationships or money.

In addition, laws can only punish behavior that is seen by others; they cannot restrict people's hearts. It cannot be a

breakthrough in science, because it is exactly science that led people to pursue material pleasures and deviate more and more from morality and conscience.

This force behind the return to morality must come from waking people up. Specifically, people, in great numbers, must reflect upon themselves. But it is not easy to reflect in such a society so full of temptations and pressures.

### **Pray for the Pope Pray for the Bishops**

Before I close, I have a message for you. You know, the Pope and the bishops are not that free because we have to consult with people. So what I'm telling you is that some bishops tried to accomplish this but we have to use the people we have at our service, like you.

So please pray that the Pope, the bishops – I'm one of them – should prepare Russia for the mission that God has prepared and wants to give to Russia by consecrating it. There is no other way. Without that consecration, Russia will still continue to spread its errors.

So I repeat to journal-

ists, tell them that this black bishop here said that God has chosen Russia to save the world and the Church. In history we read that Russia was once a great nation in religion. Today, Russia is a godless nation that pretends to be weak. It is not that weak. Those who know politics, know that Russia is not weak.

So, with these words, I'm saying to you, please pray, and pray for me that I persevere to do this work. To those who ask: "Is this only a dream?" I say: "I don't know what others dream about, but I am doing what my God tells me to do. Now, do it. I know that I'm right." So, I encourage you to pray. That may be all some of you can do right now, but it is important. You, yourselves, cannot consecrate Russia, but the Pope and the bishops can do it. Pray that my application to speak with

the Pope becomes a reality ...

### **Persevere and Keep Up the Good Fight**

This is my welcoming speech on this occasion. Be optimistic that God is going to use these words to make you instruments. You know, you are not here by yourselves. If God did not want you, you would not be here. Last week, I was in the hospital. I came out just three days ago. The doctor gave me little hope that I would be able to come here but I was stubborn, as usual. I said, "I cannot neglect my Mother and my God." I came. Here I am. I'm better than at home because I am really at home with Christ, Mary, Peter and Paul.

So this one Father, Father Nicholas Gruner, my friend – keep it up. Know that if you do well, the devil will fight you. All of you, fight until the end. God bless you all.
